**Public meeting scheduled for WIS 29 in Brown County**

*Meeting to focus on preliminary designs improving safety and traffic flow*

The Wisconsin Department of Transportation (WisDOT) Northeast Regional Office in Green Bay is announcing a public information meeting to discuss preliminary design concepts for the reconstruction of WIS 29 from County J to US 41 in Brown County. The meeting is scheduled from 5 to 7 p.m. on Wednesday, July 12, 2006 at the WisDOT Northeast Regional Office, 944 Vanderperren Way, Green Bay.

The proposed project will reconstruct both WIS 29 from County J to US 41 and the WIS 29 interchange at US 41 to improve traffic flow and safety. Three design concepts are being evaluated for the WIS 29 and US 41 interchange. Other considerations are the intersections of WIS 29 with County J and County EB, and the possibility of a frontage road on the south side of WIS 29. A final plan will be selected by fall 2006 and construction is tentatively scheduled for 2011.

The public is encouraged to attend the meeting, provide input, and ask questions concerning this project. Maps showing the proposed improvement alternatives will be on display. WisDOT representatives will be available to discuss the project on an individual basis.

If you are unable to attend the meeting, or would like more information, contact Project Manager Chuck Karow at (920) 492-5997. Written comments regarding the project can be mailed to Chuck Karow, WisDOT, P.O. Box 28080, Green Bay, WI, 54324-0080. Citizens who are hearing-impaired and who require an interpreter may request one by contacting Chuck Karow at least three working days prior to the meeting via the Wisconsin Telecommunications Relay System (dialing 711).
